

MARANATHA CHRISTIAN SCHOOL

PARENT SCHOOL INVOLVEMENT RECORD 2019

In order that a record be kept of your compliance with the School Involvement Policy, you are required to use this form. Please have this form signed by the supervisor after completing each day's work.

When your family has completed its minimum commitment of 10 hours for 2019, you are asked to lodge this form with any of the school offices no later than **12th December 2019**. If you have not been able to complete 10 hours you are still required to submit this form by 12th December 2019; a pro-rata adjustment for hours completed will be made.

Completing this form and lodging it at the office will be evidence of your family's school involvement. Should you prefer, you may opt to pay \$200 in lieu of the 10 hour working commitment?

Mr/Mrs _____ have completed _____ hours
Parent Involvement 2019

Signed: _____ (Administration Staff)

PARENT INVOLVEMENT

1. Parent involvement is to be encouraged as it provides the following benefits:
 - Increases an awareness of the needs of the School;
 - Creates a greater feeling of ownership of the School;
 - Establishes a sense of belonging and service to the wider school community;
 - Allows an opportunity for fellowship with others who share a vision for Christian education;
 - Can significantly reduce maintenance and other staffing costs to the School and in turn can minimise school fees.

2. Parent involvement may be difficult for some parents depending on their available time, restraints of home life or the demands of their employment. Given that not everyone can contribute to the needs of the school at the traditional working bee with pick and shovel or paint brush, alternatives are provided which can be of equal value to the School without the need to impose a financial penalty. The contribution of a financial alternative may of course be preferable to some and still be of value to the School for the purchase of materials etc.

3. Alternatives to a regular working bee can include involvement in activities such as:
 - Helping out in the library
 - Assistance with reading in class
 - Photocopying in the office at Officer or Doveton
 - Serving on the canteen roster at Officer, Doveton or Endeavour Hills
 - Serving on one of the various committees
 - Assisting with food preparation and serving at school functions
 - Assisting with the transporting of students to excursions
 - Assisting as an assistant/aide at a school camp or excursion
 - Assisting with any school working bees

4. The school expects a minimum commitment of 10 hours per family per year at working bees or other voluntary school involvement in activities such as those outlined in point 3 of this policy. For those unable to participate, a financial contribution of \$200 per family will be charged.
